Nothing controls pests like BotaniGard® - now from BioWorks!

Your crops aren't the only thing insects can't resist.

Why put up with resistant insect populations?
Get rid of bad bugs for good with BotaniGard®. It effectively controls insects like Q-Style whiteflies, thrips and aphids by delivering a high concentration of living spores from the powerful fungus *Beauveria bassiana* GHA strain. Use BotaniGard by itself, or rotate it with your chemical applications. BotaniGard is available as a liquid (ES), a wettable powder (ZWP), or in an organic version—Mycotrol Q®.

Now Exclusively Distributed By BioWorks!

To find out more information and where to purchase BotaniGard, contact BioWorks by calling 800-877-9443 or visiting www.bioworksinc.com.
